# Oregon Climate and Health Program

The background of the banner features silhouettes of a family—a man, a woman, and a child—walking towards the right against a sunset sky. The sun is a bright orange circle on the horizon, casting a glow over the scene.

## Resilience Planning Toolkit

*“The problems that face us are linked. It’s not a set of problems. It’s a system of problems. Now it’s time to look for a system of solutions.”*

Janine Benyus  
Nobel Laureate Symposium, 2011

# Public Health Modernization

**Climate Change Collaboration in Benton County**  
by Oregon Public Health Division

2:20

# Healthy Environments section feedback

- Increase our climate literacy of public health workforce
- Provide guidance on how to integrate into practice across programmatic areas
- Prioritize cross-departmental and inter-agency coordination

## What's Next?

- Implementing the strategies
- Measuring our progress
- Modernizing our systems
