

Epidemiologists' Forum presents:

Neighborhood Quality: The St. Louis African American Health Cohort Study

Elena Andresen, Ph.D., Professor and Chief of Disability & Health Research Group, OHSU

**Wednesday, May 16, 2012**

**4:00 - 6:00 pm**

Portland State Office Building  
800 NE Oregon Street, Portland  
Room 1D  
MAX: NE 7th Avenue Station  
Parking is available near PSOB

The St. Louis African American Health Cohort study (2001-2011) examined the association between neighborhood conditions and lower body disability among 998 residents 55-64 years old.

Dr. Andresen recently came to OHSU from the University of Florida, where she was the chair of the Department of Epidemiology and Biostatistics.
