## Our Vision

A forum for all those interested in nursing and public health to come together, support each other, and advance the public's health.

## Our Goals

Leadership: Support a variety of educational opportunities throughout the year on research, policies and programs.

Practice: Build partnerships with members, other organizations and communities to unite around common interest in public health nursing.

## Our Plan

Continue to grow our section and increase participation in section activities.

### Leadership

- Engage section members, nurses and nursing students.
- Expand annual Nursing Leadership Luncheon activities statewide.  
5/13/20 11:30-1:30

### Awareness

- Keep section members aware of policies that affect public health nursing.

### Communication

- Produce newsletter.
- Explore methods to keep the membership informed, e.g., blog, podcasts, webinars, etc.

### Action

- Build public health activism with action alerts.
- Encourage participation in the OPHA policy com. and Advocacy Day.
